14 CFR Part 71

[Docket No. FAA-2017-0890; Airspace Docket No. 16-ACE-10]

RIN 2120-AA66

Proposed Establishment of Class D and E Airspace; Wichita, KS

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish Class D airspace and Class E airspace designated as surface area, at Beech Factory Airport, Wichita, KS. The FAA is proposing this action for the safety and management of instrument flight rules (IFR) operations at the airport.

DATES: Comments must be received on or before **[INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone (202) 366-9826, or (800) 647-5527. You must identify FAA Docket NO. FAA-2017-0890; Airspace Docket No. 16-ACE-10, at the beginning of your comments. You may also submit comments through the Internet at <http://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

FAA Order 7400.11C, Airspace Designations and Reporting Points, and subsequent

amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC, 20591; telephone; (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11C at NARA, call (202) 741-6030 or go to <http://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION, CONTACT: Rebecca Shelby, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5857.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish Class D and Class E airspace designated as a surface area at Beech Factory Airport, Wichita, KS, to support instrument flight rules (IFR) operations at the airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2017-0890/Airspace Docket No. 16-ACE-10." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the "ADDRESSES" section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the

Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX, 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 3, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Establishing Class D airspace at Beech Factory Airport, Wichita, KS, extending upward from the surface to and including 2,700 feet MSL within a 4.2-mile radius of Beech Factory Airport, excluding that airspace within the McConnell AFB, Class D airspace area, and excluding that airspace north of a line extending from lat. 37°43'07" N., long. 97°17'51" W. to lat. 37°43'47" N., long. 97°08'21" W., within the Colonel James Jabara Airport, Wichita, KS.

Establishing Class E airspace area designated as surface area at Beech Factory Airport, Wichita, KS, extending upward from the surface to and including 2,700 feet MSL within a 4.2-mile radius of Beech Factory Airport, excluding that airspace within the McConnell AFB, Class D airspace area, and excluding that airspace north of a line extending from lat. 37°43'07" N., long. 97°17'51" W. to lat. 37°43'47" N., long. 97°08'21" W., within the Colonel James Jabara Airport, Wichita, KS.

Controlled airspace is necessary for the safety and management of Standard Instrument Approach Procedures (SIAPs) for IFR operations at this airport.

Class D and E airspace designations are published in paragraph 5000 and 6002, respectively, of FAA Order 7400.11C, dated August 3, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 3, 2018, and effective September 15, 2018, is amended as follows:

Paragraph 5000. Class D Airspace.

* * * * *

ACE KS D Wichita, Beech Factory Airport, KS [New]

Wichita Beech Factory Airport, KS
(lat. 37°41'38"N., long. 097°12'54"W.)

That airspace extending upward from the surface to and including 2,700 feet MSL within a 4.2-mile radius of Beech Factory Airport, excluding that airspace within the McConnell AFB, KS, Class D airspace area, and excluding that portion of Colonel James Jabara Airport, Class E airspace area north of a line from lat. 37°43'07" N., long. 97°17'51" W. to lat. 37°43'47" N., long. 97°08'21" W. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

* * * * *

Paragraph 6002. Class E Surface Area Airspace.

* * * * *

ACE KS E2 Wichita, Beech Factory Airport, KS [NEW]

Wichita Beech Factory Airport, KS

(lat. 37°41'38"N., long. 097°12'54"W.)

That airspace within a 4.2-mile radius of Beech Factory Airport, excluding that airspace within the McConnell AFB, KS, Class D airspace area, and that portion of Colonel James Jabara Airport, Class E airspace area north of a line from lat. 37°43'07" N., long. 97°17'51" W. to lat. 37°43'47" N., long. 97°08'21" W. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Issued in Fort Worth, Texas, on June 11, 2019.

John Witucki,

Acting Manager, Operations Support Group,

ATO Central Service Center.
